

Dementia Champions

Course Content

The course aims to deliver an enhanced level of knowledge and skill to staff that have regular contact with people living with Dementia in the acute hospital setting. The content is aligned with the national Dementia core skills Education and Training framework for Tier 2.

The day is very interactive and focuses on aligning reflective practice and theory with best practice.

There is opportunity to experience what it might be like to have Dementia via a simulation exercise.

A work book will be issued to support further learning and development.

Target Audience

Suitable for all health care professionals: requisite for all staff working on a regular basis with people living with Dementia.

Course Delivery

Face to face supported with a workbook and further e-learning modules

Pre-course Requirements

Completed Tier one dementia awareness (either e-learning modules or mandatory training)
