

# Dementia Tier 2 Study Day

## Course Content

The aim of this session is to build on the participant's basic dementia awareness. To increase their knowledge around the causes of dementia and the effects dementia may have on the person's mind and body. The participant will gain knowledge that they can implement when caring for and supporting someone with dementia with the overall aim of improving the quality of care for people with dementia in the Trust.

## Target Audience

All staff working with people who have a diagnosis of dementia.

## Course Delivery

This course will be delivered face to face in a classroom.
